

# FKiTT Whitepaper

[WWW.FKITT.COM](http://WWW.FKITT.COM)

# Introduction

---

FkiTT is redefining the adult content industry by creating a platform that is fairer, more affordable, and more empowering for both creators and fans.

Traditional platforms charge users per creator, limiting access and reducing earnings potential for talent. FkiTT changes the game with one low monthly fee that gives fans unlimited access to all creators on the platform, while creators earn more through a transparent, popularity-based revenue share model.

Built on blockchain and powered by the \$FkiTT token, the platform ensures secure, fast, and censorship-resistant transactions.

With live cam integration, real-time payouts, and a community-first vision, FkiTT is more than a platform—it's a movement designed to support creators and democratize adult entertainment.

# \$FkiTT Token

---

The FkiTT Token is the backbone of our ecosystem, designed to empower users and enhance their experience on the platform. As a utility token, payments within the FkiTT platform are made solely with the FkiTT Token.

By holding or using the FkiTT Token, users can enjoy seamless integration with the platform while benefiting from a range of incentives. It's more than just a token – it's a key to the FkiTT Network. Join our growing community and leverage the power of the FkiTT Token to maximize your potential.

# What is FkiTT?

---

FkiTT is a revolutionary adult content platform that flips the traditional pay-per-creator model on its head. Unlike platforms where fans pay individual subscriptions for each creator, FkiTT offers unlimited access to all creators for one low monthly fee. This creates an inclusive, affordable experience for fans, while giving creators more exposure, more support, and more income.

FkiTT is built on a revenue-sharing model where creators are paid based on their popularity and engagement across the platform. This means creators are rewarded fairly, and fans get more value with zero restrictions. In addition, live cam features allow fans to connect with their favorite creators in real-time, with all earnings from live interactions going directly and instantly to the creator.

The platform is powered by crypto, using the \$FkiTT token for subscriptions and access. It's fast, secure, and decentralized. Fans can pay with \$FkiTT, and creators can cash out easily.

FkiTT prioritizes creator freedom, fan satisfaction, and platform transparency. With no hidden fees, one simple payment system, and a strong anti-exploitation framework, FkiTT sets a new standard for fairness and accessibility in adult entertainment. It's more than just content—FkiTT is a movement.

# Why Invest in \$FkiTT?

---

The FkiTT Token offers numerous benefits that make it an essential part of our ecosystem. Token holders gain exclusive access to our platform. \$FkiTT is the sole payment provider within the network.

When a member pays his one monthly fee in \$FkiTT Token he has access to all models and creators completely unrestricted.

Unlike other platforms where you pay subscriptions to each model/creator. This means the \$FkiTT token is required to access the platform.

# Tokenomics

---

\$FkiTT Token was created with fairness and transparency in mind. The Token launch was on Pump.fun with LP safely locked!

- Name: FkiTT
- Ticker: \$FkiTT
- Total Supply: 1,000,000,000
- Freeze: Revoked
- Mint: Revoked
- Distribution: Liquidity 100%
- Liquidity Locked: 100% locked and burned

# Token Benefits

---

Payment into the network is in \$FkiTT Token, a portion goes back into the market, the vast majority gets transferred to SOL and sent to models (85%) and affiliates (5%), while 5% is for admin and 5% is burned, insuring an ever shrinking supply, which is good news for holders. Holding FkiTT Tokens also provides a stake in the future growth of the ecosystem, fostering a sense of community and shared success. With its utility-driven design, The FkiTT Token empowers users to get the most out of the platform while enjoying unparalleled advantages within the FkiTT ecosystem.

Using FkiTT Token for payments instead of credit cards or other methods means that transactions are instant, free, safe and private.

# RoadMap

---

## Phase 1

- Launch Website
- Release WhitePaper
- Token Launch
- First 500 Models

# 1

# 2

## Phase 2

- Release of FkiTT Platform
- 5000 holders of \$FKITT

- Merch Launch

## Phase 3

- \$FkiTT on Tier 1 CEX
- \$FkiTT on CMC/CG
- 100,000+ app users
- 100,000+ holders

# 3

# Model Benefits

---

FkiTT is revolutionizing the adult content industry with a fair and transparent revenue-sharing model. Unlike other platforms where subscribers pay a separate subscription for each creator, FkiTT gives subscribers unlimited access to all creators for one low monthly fee—no extra charges, no hidden costs.

For creators, FkiTT offers a higher revenue share than other platforms (88%), distributing earnings based on their popularity within the site. Plus, creators can go live, chat, and connect with fans instantly, with 100% of live cam earnings going directly to them instantly. There are no restrictions as to the links and other socials and accounts so you can add links to all of your other accounts and websites.

Daily payouts direct to you daily. If you wish to have paid live chats activated on your profile then you get the funds sent directly to you from the subscriber via the FkiTT platform.

# Member Benefits

---

As a FkiTT member, you get unlimited access to all creators on the platform for just one low monthly fee—no need to subscribe to individual profiles.

Enjoy exclusive photos, videos, and livestreams without restrictions or hidden charges. Members can also chat with creators, join live cam sessions, and support their favorites directly, with tips going 100% to the creator.

All payments are made using the \$FkiTT token, offering fast, secure, and private transactions. With a single subscription unlocking everything, FkiTT members experience more value, more variety, and more connection than anywhere else in the adult content space.
